

Merciless Room

Quill

Yeah, release me from this halo
It's a burden, bringing me down
Yeah, release me from this halo
I'm not worthy walking this ground

It matters to me, does it matter to you?
how I feel... what do I feel I don't know
when I see, yeah, what no one believes
I am standing in a merciless room

All I'm given - desolation
I can't stand this horrible sound
All I'm given - desolation
I feel safe when no one's around

It matters to me, does it matter to you?
how I feel... what do I feel I don't know
when I see, yeah, what no one believes
I am standing in a merciless room
