

Check

Quin NFN

I don't got no beef with the bro
Running straight to the doe
I'ma run up that check
I done bought new Balencis
So it will look good when I step on a fuck nigga neck
You ain't gotta be gansta
To get some respect
You gon' get what you get
Thats a bet
I ain't talking computers
But all of my shooters they really pull up with the Tec
Fuck around and get stretch
To get where I'm heading
Bitch I had to jugg and finesse
Everyday we be bsin'
And I still hold it down for my niggas thats calling collect
Ain't give a fuck bout the flex
I heard they was sleeping
But fuck it they getting some rest
And bitch I'm smoking the best
And I live how I wanna
No more tryna settle for less
