

What the Hell Happened To Us

Quinn XCII

[Quinn XCII:]

We're like a Wes Anderson movie
The way that we dress alike on purpose
But lately, we're not feeling groovy
I could use the best advice, I'm nervous
So put down that phone for a minute
'Cause I got more loving in me, yeah
It's crazy, we're in the position
We used to be the ones they envied

Something drove us insane
Maybe we were faking, faking
Something's pulled at our veins
Now we're stumbling, vacant, vacant, bleeding out

What the hell happened to us?
What the hell, what the hell happened to us? Yeah
We never had any fuss
We never, we never had any fuss
We were up, and now we're down
We were loud, and now there's no sound
Like what the hell happened to us?
What the hell, what the hell happened to us? Yeah

You're like a Scorsese film
The way you try to murder these good fellas
I can't help but assume there's somebody on the side
And I'm too jealous
So put down that damn phone for two seconds
I got some yelling to do
Feels like I'm locked in my own cell
This whole time, the felon's been you

Something drove us insane
Maybe we were faking, faking
Something's pulled at our veins
Now we're stumbling, vacant, vacant, bleeding out

What the hell happened to us?
What the hell, what the hell happened to us? Yeah
We never had any fuss
We never, we never had any fuss
We were up, and now we're down
We were loud, and now there's no sound
Like what the hell happened to us?
What the hell, what the hell happened to us? Yeah

What the hell happened to us?
What the hell, what the hell happened to us? Yeah
What the hell happened to us?
What the hell, what the hell happened to us? Yeah

[Kailee Morgue:]

What the hell happened to us?
We used to love, you used to trust me
Baby, I'm not having fun
This isn't us, I'm getting lonely

You're always saying that you're sorry
Then you act like you don't want me
Why would you tell me that you are in love?
Up on the shelf and I'm collecting dust

[Quinn XCII:]
What the hell happened to us?
What the hell, what the hell happened to us? Yeah
[Kailee Morgue:]
We never had any fuss
We never, we never had any fuss
We were up, and now we're down
We were loud, and now there's no sound
Like what the hell happened to us?
What the hell, what the hell happened to us? Yeah

[Quinn XCII & Kailee Morgue:]
What the hell happened to us?
What the hell, what the hell happened to us? Yeah
What the hell happened to us?
What the hell, what the hell happened to us?
