

run around the block again

quinnie

Turning off the lights and then
Press upon my eyes again
Markings on my eyelids then
I'm singing in your sleep again
The melody is in your mouth
When you finally wake again
Run around the block again
Press me to your mouth again

I couldn't help what it felt like running into you
(Running into you, running into you)
I would've run miles more, yeah, just to get to you
(Just to get to you, just to get to you)

Crawl under a parachute
Like the gym class ones from school
ROYGBIVing on the cheeks
Sharing all the air we breathe
Running around the block again
Pressing me to your mouth again

I couldn't help what it felt like
What it felt like running into you
I would've run miles more, yeah
Miles more, yeah, just to get you

I would've run quicker than the light
If I knew you'd be waiting for me
I didn't know the twinkle in my eyes
Could be staring straight back into me
