

Check

Queen Herby

If you want the best I'mma need a check
If you want the best best I'mma need a check
Bitch I been the best yet what did you expect
This is not a test flex sign it on the "x" now
If you want the best I'mma need a check
If you want the best best I'mma need a check
Throw a little bread, Qveen is gonna bless
Keep the favors for the birds always comin with the mess

Cause I'm super duper clean
Drippin part of my routine
Everytime I pull up it's a scene
Got Fiorucci on my jeans
For the money baby I'm a fiend
Over budget what you mean?
Everybody know that I'm a queen
I'mma need them royalties and my fees and accounts overseas

It's goin up and yeah we do this daily
Oh my God you think I'm going crazy
We outta control and I'm like fuck you pay me
They actin dumb, I'm like

If you want the best I'mma need a check
If you want the best best I'mma need a check
Bitch I been the best yet what did you expect
This is not a test flex sign it on the "x" now
If you want the best I'mma need a check
If you want the best best I'mma need a check
Throw a little bread, Qveen is gonna bless
Keep the favors for the birds always comin with the mess

Bitch you know I got the juice
No one doing what I do
I ain't even gotta post nudes
Gettin sexy revenues
My accountant call me with the news
Said you seem to be confused
Listen baby I ain't in the mood
I don't want another dance to the tune of your I.O.U's

It's goin up and yeah we do this daily
Oh my God you think I'm going crazy
We outta control and I'm like fuck you pay me
They actin dumb, I'm like

Breathe and meditate
Sage and celebrate

If you want the best I'mma need a check
If you want the best best I'mma need a check
Bitch I been the best yet what did you expect
This is not a test flex sign it on the "x" now
If you want the best I'mma need a check
If you want the best best I'mma need a check
Throw a little bread, Qveen is gonna bless
Keep the favors for the birds always comin with the mess
