Queen Herby

Elevator, elevator, elevator to the top  
Elevator, elevator, elevator never drop  
Elevator, elevator, elevator all the way up  
Elevator, elevator, elevator stay up

Sexy lil' mamacita and she made me turn the heat up  
Sexy lil' mamacita and she really turned the heat up  
Sexy lil' mamacita and I really turned the heat up  
Sexy lil' mamaicita and I really turned the heat up

Yeah, ya' ain't seen nothing like this  
Ya'-ya' ain't seen, ya' ain't seen nothing like this  
Ya'-ya' ain't seen, ya' ain't seen nothing like this  
Ya'-ya' ain't seen, ya' ain't seen nothing like this yeah

My shit pop like it's acne  
Ate all the candy  
I got from my last sugar daddy  
Bad bitch, exactly  
Pass me the bag, please  
I strike a pose like a movie star, classy  
Flow nasty, loose on the fat beat  
Deep like vagina, facts like a fact sheet  
Camp 'cause I'm campy  
Chic, if you ask me  
Sleep, bring a wet dream, they can't forget me

Who said I gotta' stay up on the X's and Y's?  
I go wonka with the vision and move where I like  
So, it's no surprise never told no lie  
Only say goodbye, I'm always on the run

Elevator, elevator, elevator to the top  
Elevator, elevator, elevator never drop  
Elevator, elevator, elevator all the way up  
Elevator, elevator, elevator stay up

Sexy lil' mamacita and she made me turn the heat up

Uh-ha, yeah, my shit backstreet don't @t me  
Cash like a mathlete  
Wrapped in a bag in the backseat  
Cruise at a fast speed can't move past me  
Camera's still flashing I'm finna' get nasty  
Young mastery hung like a tapestry  
Sweat like a workout wet like a jet ski  
Ice on Gretzky sport like ESPY's  
Sleep, bring a wet dream, they can't forget me

Who said I gotta' stay up on the X's and Y's  
I go wonka with the vision and move where I like  
So it's no surprise never told no lie  
Only say goodbye I'm always on the run
