

Housewife

Queen Herby

I'm minding my biz
Do what I want when I wish
In my house
Be my own bitch
Tell 'em I'm marrying rich
Go all out
Cookies and cream
Live my suburban dream
Pink night gown
Beauty routine, make my priority me
Ta ra ra ra ra!

They say you need a lover
To get the fantasy out of your life (Yeah)
I think I just decided
I wanna be my own housewife
Independent and so fine
Lonely sometimes I don't mind
I don't give a fuck (I don't)
I'll be online shopping with a blunt (I know)
Run it up champagne in my cup (Bubbles)
Just a bad girl doing what she wants (Trouble)
In my dream life wait
It's the truth I have way more options
Than my grandma had
When a bitch this bad
Lookin' like the patriarchy stock gon' crash

I'm minding my biz (Minding' my biz)
Do what I want when I wish
In my house
Be my own bitch
Tell 'em I'm marrying rich
Go all out
Cookies and cream (Cookies and cream)
Live my suburban dream
Pink night gown
Beauty routine, make my priority me

(What did I say?)
I might be child-free chillin'
Dream fulfilling
Finding my identity release stuck feelings (Okay)
These are my plans I got demands I wear the pants
You can't be mad so all I ask is
Men who find my energy threatening (Woah!)
Won't you show a little respect for me (Yo!)
Generational trauma lessening is my destiny
The universe blessing me

Cue the violins (So strong)
This is how my legacy begins (I know)
I will not be vacuuming your shit (I won't)
'Cause I got cool grapes in a dish
In my dream life wait
It's the truth I have way more options
Than my grandma had

When a bitch this bad
Lookin' like the patriarchy stock gon' crash

Minding my biz
Do what I want when I wish (What I want when I wish)
Be my own bitch
Tell 'em I'm marrying rich (Marrying rich)
Cookies and cream
Live my suburban dream (My suburban dream)
Beauty routine, make my priority me (My priority me)
