Qveen Herby

Come out my cave and misbehave  
Get on my broom and fly with creatures of the night  
Now something strange flows in my veins  
I leave this world to find my pussy paradise

Shorty go bat shit  
Shorty just vanished yeah  
Shorty go bat shit  
RIP to the old me

Shorty go bat shit  
Shorty just vanished yeah  
Shorty go bat shit  
RIP

Someone call up the coroner  
Rest in peace to my former  
Rolling out of my coffin getting dressed up  
So I can go mourn her, haha  
I been acting real different  
I been minding my business  
Busting out my villain era with bars to add to my hit list  
Artistic ridiculous  
Bad bitch constituents  
Big dick Maleficent you gotta wait til she's finished

Come out my cave and misbehave  
Get on my broom and fly with creatures of the night  
Now something strange flows in my veins  
I leave this world to find my pussy paradise

Shorty go bat shit  
Shorty just vanished yeah  
Shorty go bat shit  
RIP to the old me

Shorty go bat shit  
Shorty just vanished yeah  
Shorty go bat shit  
RIP to the old me

First I had to crawl  
Out of my mind like a psyche hall  
Old shit had to uninstall  
And my expectations had a funeral  
It's alchemy on the mic like whoa  
Your shit fertilized my growth  
Had to donate all of my clothes like  
Toes up bitch I got new flows  
It's RIP to the old me  
Ain't no telling where the road leads  
Try to stop me like hoe please  
I collect new me's like trophies

Come out my cave and misbehave  
Get on my broom and fly with creatures of the night  
Now something strange flows in my veins

I leave this world to find my pussy paradise

Come out my cave and misbehave

Get on my broom and fly with creatures of the night

(RIP to the old me)

Now something strange flows in my veins

I leave this world to find my pussy paradise

(RIP to the old me)
