SADE IN THE 90s

Qveen Herby

You can find me at my best when I'm naked
When I'm lying by the pool getting faded
See I used to give a fuck, now I'm jaded
I'm allergic to the bullshit (allergic to the bullshit)

Alright, orange soda, Deepak Chopra
Versace robe and my Gucci loafer
Sex on the sofa, that's my yoga
'Til my last breath, no regrets 'cause I

Do it like it's roulette, roll it, burn it, lose it
Hit that black and red, keeping spending decks, I keep it moving
Put that shit behind me, keep my diamonds blinding
Gotta keep it suave like I'm Sade in the 90s
Do it like it's roulette, roll it, burn it, lose it
Hit that black and red, keeping spending decks, I keep it moving
Put that shit behind me, keep my diamonds blinding
Gotta keep it suave like I'm Sade in the 90s

You can clearly see my vibe is tremendous
But you won't see through the tints in my Tesla
I be blocking out the world, it's a mess, yeah
I'm allergic to the bullshit (allergic to the bullshit)

Alright, orange soda, Deepak Chopra
Versace robe and my Gucci loafer
Sex on the sofa, that's my yoga
'Til my last breath, no regrets 'cause I

Do it like it's roulette, roll it, burn it, lose it
Hit that black and red, keeping spending decks, I keep it moving
Put that shit behind me, keep my diamonds blinding
Gotta keep it suave like I'm Sade in the 90s
Do it like it's roulette, roll it, burn it, lose it
Hit that black and red, keeping spending decks, I keep it moving
Put that shit behind me, keep my diamonds blinding
Gotta keep it suave like I'm Sade in the 90s

No trouble ever stay long enough
Thank God every day for my come up
Somebody tryna slight me it's all love

When I do it like it's roulette, roll it, burn it, lose it
Hit that black and red, keeping spending decks, I keep it moving
Put that shit behind me, keep my diamonds blinding
Gotta keep it suave like I'm Sade
Do it like it's roulette, roll it, burn it, lose it
Hit that black and red, keeping spending decks, I keep it moving
Put that shit behind me, keep my diamonds blinding
Gotta keep it suave like I'm Sade in the 90s
Do it like it's
