

Stretch Marks

Qveen Herby

Boo

I shine like it's chrome
These bitches wanna know
How I keep on a roll
I smoke it like a poem
Double Gs on my clothes
Don't do what I'm supposed to
My stretch marks, I show
So you see all my chrome

I did what I had to do (do)
Got dirt on my Gucci boots (boots)
Take Ls, but I'm winning too (too)
Stretch thin, I'ma see it through (through)
Swing hard 'cause I know the ropes (ropes)
Talk shit, now they taking notes (notes)
No deals, I'm already home (home)
Checkbook records, at our own (check, check)

Open up the gates
Qveen is throwing shade
Tired and underrated
I wanna be overpaid
Can't take no more of the same
Change the fucking game
Suggestion, if I may
Let vaginas reign

Jump through the fire
And I go off the deep end
Dolce Gabbana on my shades
Looking chic and
Tints on my Tesla
So you can't even see them
Might take the jet to Saint-Tropez
For the weekend

I shine like it's chrome
These bitches wanna know
How I keep on a roll
I smoke it like a poem
Double Gs on my clothes
Don't do what I'm supposed to
My stretch marks, I show
So you see all my chrome

Shit, quick, I had to get a therapist
To guilt trip the journey to a badder bitch
A growth spurt, I'm walking with these fashion tits
I shapeshift, he thought it was a magic trick
I got enough sauce cooking
Can't imagine how you need twenty-one writers on track to bounce
That's why the whole thing sounded really watered down
Who got the bigger clout is when the tour announce

Open up the gates

Qveen is throwing shade
Tired and underrated
I wanna be overpaid
Can't take no more of the same
Change the fucking game
Suggestion, if I may
Let vaginas reign

Day ones, I'm so grateful
That you still wanna rock me (wanna rock me)
Keep steady feeding like a damn Tamagotchi
Spit like I'm speaking to her soul, she's responding
Well, now, her boyfriend says she's getting kinda bossy (uh-uh-uh)
She getting kinda bossy (bossy, ooh, ooh)
She getting kinda bossy (she getting kinda bossy, ooh)
That bitch is kinda bossy (bitch is kinda bossy, oh
Bitch is kinda bossy!)

I shine like it's chrome
These bitches wanna know
How I keep on a roll
I smoke it like a poem
Double Gs on my clothes
Don't do what I'm supposed to
My stretch marks, I show
So you see all my chrome

So you see, see all my chrome
(You see, you see)
Let my stretch marks show
Everywhere I go
(You see, you see)
So you see I'm comfortable (yeah)
Let my stretch marks show
Everywhere I go
