

Violence

Queen Herby

Cockiness and that confidence I ooze
Trigger warning I might trigger you
When the beast is let loose
Don't give me an excuse

Ah-ah-ah-ah, where she get that vampire energy
Ah-ah-ah-ah, draining all my light and so carelessly
Ah-ah-ah-ah, tried to keep my cool but she's dead to me
Ah-ah-ah-ah, this is how I walk while the haters scream

Usually, this hoe is silent
Today I chose violence (ah)
Nothing like a little excitement (yeah, yeah)
I know you don't like it
Always understand the assignment (ooh)
The pressure make diamonds
You don't know the bitch you trying (ooh)
Today I chose violence

I apologize, I snapped
This has been a lot to unpack
She could write a book o' clap backs
Don't know how to wave white flags
Thought it wasn't all that tea
Vegan bitch I don't want beef
Every time I turn my cheek
Followers attack like sheep

Don't put your traumas on me
I know you're holdin' in a lot
But this thirsty shit is out of control
I see the plot gettin' thicker
When you jiggle your ass
It's like you're desperate for love
You couldn't give to yourself

Ah-ah-ah-ah, where she get that vampire energy
Ah-ah-ah-ah, draining all my light and so carelessly
Ah-ah-ah-ah, tried to keep my cool but she's dead to me
Ah-ah-ah-ah, this is how I walk while the haters scream

Usually, this hoe is silent
Today I chose violence (ah)
Nothing like a little excitement (yeah, yeah)
I know you don't like it
Always understand the assignment (ooh)
The pressure make diamonds
You don't know the bitch you trying (ooh)
Today I chose violence

No one does it quite like me
Even my approach so sweet
Louboutin is on my feet
Now she wanna step on me
Silly little bitch that hurts
And I see the pain is hers
Now I know we can take turns

'Cause she put the knife in first

Don't put your traumas on me
I know you're holding in a lot
But this thirsty shit is out of control
I see the plot getting thicker
When you jiggle your ass
It's like you're desperate for love
You couldn't give to yourself

Ah-ah-ah-ah, where she get that vampire energy
Ah-ah-ah-ah, draining all my light and so carelessly
Ah-ah-ah-ah, tried to keep my cool but she's dead to me
Ah-ah-ah-ah, this is how I walk while the haters scream

The haters scream
While the haters scream
The haters scream
Scream
