

## Luv To Fuk

R.A. the Rugged Man

feat. Eamon

Ayo, ladies love Rugged, I'm a casanova  
And once I make love to you, baby, it's all over  
Your boy [?], call me if you need some loving  
Or if he's corny in the bed and you just need a good f\*\*king  
I'm living every man's dream  
I'm in my mid 30's and I'm strictly f\*\*king bitches that are barely 18  
In bed women say ''oh, he's clever''  
When I'm dead chicks will probably miss me more than the late Heath Ledger  
Yeah, they love me long time, it's like it's '89  
And I'm Christopher Williams and [?] combined  
And I'll never leave 'em, man-eater  
Dammit, I need her, she a diva  
Lend her the visa, feed her, please her  
I'm eager to ease her  
Turn on the radio, chica chica, I know my voice turn you on  
Take off your panties, make love to the speaker, come on

You know I love to f\*\*k, tearing up that butt  
They always make me feel at home  
Never leaving me alone, never leaving me alone  
I swear they love the dick, drip, drip, drip  
They don't forget my balls  
They often long to bring me home  
Never leaving me alone, never leaving me alone

Ayo, figured the way to get paid is grab the mic rehearsing, you know  
Smooth as [?] baby, don't take it personal  
Say I'm arrogant and cocky, wha, who me?  
Kissing on your neck, woman, you can't refuse me
