

Let you go

R. City

I gotta get you outta my system
Gotta get you outta my system
I gotta gotta get you outta my system
I gotta get you outta my,
Right about now

Now you can see me driving driving driving
In my car car car
Going far far far
Just tryna get away from you and you and only you alone-lone-lone
Did me wrong wrong wrong
Now I ain't tryna hear nothin
Cause I'm so sick and tired of your lies lies lies
So goodbye bye bye
You ain't gonna see me
Not today tomorrow anymore more more more
I'm so sure sure sure that you and I are over

I gotta let you go
Cause I'm just not in love with you anymore
I gotta give you up
You're so bad for me
Like a lethal drug
A deadly disease
I gotta get you outta my system

You injected me infected me then bounce bounce bounce
Unannounced, nounced, nounced
I couldn't even get a warning
Came into my life and put it down down down
But wasn't nowhere to be found when I got up in the morning
Where did you go?
Ohh I don't know
But you can't treat me
Like I'm a sell it, no
Now that you know exactly what I'm about
Peace on out, boy I'm gone, see you, bye, so long

I gotta let you go
Cause I'm just not in love with you anymore
I gotta give you up
You're so bad for me
Like a lethal drug
A deadly disease
I gotta get you outta my system

I told my momma
I wouldn't sing another sad love song
(I gotta get you outta my system)
Then again I never had a man ever do me so wrong
(I gotta get you outta my system)
So now I'm gone, finished
You gon get it when I see you I'm a
(Put you in a hole with it
Cause when I think about it
And start to reminiscing
I realize that your time is over

I gotta let you go (I gotta let you go, go)
Cause I'm just not in love with you anymore (Not in love with you anymore)
I gotta give you up
You're so bad for me (So bad for me)
Like a lethal drug
A deadly disease
I gotta get you outta my system
I gotta get you outta my system
I gotta get you outta my system
I gotta gotta get you outta my system
I gotta get you outta my system
