

# All I've Got

Rüfüs Du Sol

Sitting in the back seat  
It's playing on my conscience  
Driving down the backstreets  
You're keeping me up

Said it in the basement  
We wrote it in the concrete  
But saying that you want me  
Is never enough

So give me your love  
Can't you give me your love?  
Cause baby this love is all I've got  
Won't you give me your love?  
Would you give me your love?  
Cause baby this love is all I've got

Tell me I'm a dreamer  
Blinded by the headlights  
Running all the red lights  
I'm trying to keep up

Burning up the highway  
I'm losing my patience  
You've got me in the rearview  
You're tearing me up

So give me your love  
Can't you give me your love?  
Cause baby this love is all I've got  
Won't you give me your love?  
Would you give me your love?  
Cause baby this love is all I've got

So give me your love  
Cause this is the place that I belong  
So give me your love  
Cause this is the place that I belong  
Give me your love  
Cause this is the place that I belong  
So give me your love  
Cause this is the place that I belong
