

Devotion

Rüfüs Du Sol

Drive
Drive up the coastline
Stop by the shore
To stare at the ocean
Wait
Wait for a calling
A call from the ocean to lead me away
Lead me away

Lead me away
Lead me away
Lead me away

I'll fly over the mountains
Into the night sky
On the horizon
I'll dive into the ocean
Wherever you go
I'll follow you there

Waves
Crash on the shoreline
Kissing the sand
The sound of devotion
Stay
Stay in the moment
Surrender your heart and lead me away
Lead me away

Lead me away

I'll fly over the mountains
Into the night sky
On the horizon
I'll dive into the ocean
Wherever you go
I'll follow you there

Love me, love me
Don't ever leave me, leave me
If you want me there, me there
Don't ever leave me, leave me
Love me, love me
Don't ever leave me, leave me
If you want me there, me there
Don't ever leave me

I'll fly over the mountains
Into the night sky
On the horizon
I'll dive into the ocean
Wherever you go
I'll follow you there

Love me, love me
Don't ever leave me, leave me
If you want me there, me there

Don't ever leave me, leave me

I'll fly over the mountains

Wherever you go

I'll follow you there
