

Lose My Head

Rüfüs Du Sol

I've been lying here, thinking of you
Sleeping all over the truth, saying I wanna know
I said that I wanna know
I'm keeping my head in the room
Sinking through colors of you, saying I'm letting go
When I'm with you

When I'm with you
I lose my head
With you
I can't forget
When I'm with you
I lose my head
With you

And all I've done watching with you
Our fingertips dancing the tune
Saying I wanna know, you said that I wanna know
Sink into the carpet with you
Splitting my body in two, saying I'm letting go
When I'm with you

When I'm with you
I lose my head
With you
I can't forget
When I'm with you
I lose my head
With you

When I'm with you
I lose my head
With you
I can't forget
When I'm with you
I lose my head
With you

I'm with you
Darling you tell me that I'm lost, tell me that I need
I'm with you
Darling you tell me that I'm lost, tell me that I need
When I'm with you
Darling you tell me that I'm lost, tell me that I need
When I'm with you
