

# Wildfire

Rüfüs Du Sol

Your fire is coming to get me  
I know that I'm ready, I'm ready for it  
I'm tired, I'm tired of running  
'Cause the burn in my skin is settling in

Oh I, I can't control you  
No, I won't try to tame you  
So go live your life  
You're a wildfire  
You're a wildfire

Ashes ahead in the distance  
There's smoke in the ceiling, I'm dying for air  
I'm trying to keep it together  
But the walls in my house are tumbling in

Oh I, I can't control you  
No, I won't try to tame you  
So go live your life  
You're a wildfire  
You're a wildfire  
You're a wildfire  
You're a wildfire

I want you to hold me  
Come home  
Want you to hold me  
Come home  
Hold me  
Come home  
Want you to hold me  
Come home  
Just hold me  
Come home  
If you know me  
Come home

But you're a wildfire  
You're a wildfire
