

Good Enough

R.I.O.

At 4 AM in the morning
By head works overtimes
How could we cross that line
Where have you been last night
You went away for a reason
I know but don't let go
I wanna be there with you

Oh this love is worth the fight, too good to give up
But sometimes good just ain't not good enough
Oh this love is worth the fight, too good to give up
But sometimes good just ain't not good enough
Just ain't not good enough

They say that time I a healer
But love went out of sight
No matter how hard we've cried
It will not be alright
Why is my heart still beatin'
Why can't we let it go
Still wanna be there with you

Oh this love is worth the fight, too good to give up
But sometimes good just ain't not good enough
Oh this love is worth the fight, too good to give up
But sometimes good just ain't not good enough
Just ain't not good enough

Sometimes good just ain't not good enough
Ain't not good, ain't not good
Ain't not good, ain't not good

It ain't not good enough
Oh this love, oh this love
It ain't not good enough
Oh this love, oh this love

Oh this love is worth the fight, too good to give up
But sometimes good just ain't not good enough
Oh this love is worth the fight, too good to give up
But sometimes good just ain't not good enough
Just ain't not good enough

Sometimes good just ain't not good enough
Ain't not good, ain't not good
Ain't not good, ain't not good
