

# 12 Nights Of Christmas

R. Kelly

Come inside, the world is cold  
I cuddle you and love you slow  
Open arms waiting for you  
Girl just call and I'm there for you  
Oh what I've got planned tonight  
You and I scheduled to fly  
So let love take us right off from this room

You look like you could use a friend  
Refuse to let loneliness win  
No way  
Girl this Christmas for Christ's sake

Would you like to spend  
12 Nights of Christmas with me?  
Tell me baby now  
Would you like to spend  
12 Nights of Christmas with me?

We'll take a trip around the world  
I'd make one wish and you'd be my girl  
I believe in Christmas magic baby yeah  
Look into each other's eyes  
Discover Christmas paradise  
Just let me take your body away tonight

You look like you could use a friend  
Refuse to let loneliness win  
No way  
This Christmas for Christ's sake

Would you like to spend  
12 Nights of Christmas with me?  
Tell me girl  
Would you like to spend  
12 Nights of Christmas with me?  
Girl

Tonight I'm gonna put the world under your Christmas Tree girl  
And the greatest gift of all girl is you here lying next to me  
Would you baby?

Tell me would you like  
Would you like to spend  
12 Nights of Christmas with me?  
Baby tell me would you like girl  
Would you like to spend  
12 Nights of Christmas with me?  
Just come go with me girl  
Would you like to spend  
12 Nights of Christmas with me?  
I can take you there baby  
Would you like to spend  
12 Nights of Christmas with me?  
Reach out to me baby  
Would you like to spend  
12 Nights of Christmas with me?
