

# Christmas Lovin'

R. Kelly

The phone stopped ringin'  
And the door stopped knockin' yeah  
Said there's no noise makin' well  
Everybody's gone shoppin' yeah  
That leaves you and me girl  
Finally some privacy

What about some Christmas lovin' baby?  
What about some Christmas lovin' baby?  
Said it's just you and me  
Good lovin' by the Christmas Tree well well

Listen baby I don't have to have  
A box of presents givin' to me, no baby  
Well see all those gifts and things are fine  
But that ain't what I need

Tell me what about some Christmas lovin' baby?  
What about some Christmas lovin' baby?  
Said it's just you and me baby  
Sweet lovin' by the Christmas Tree

I took off early from work  
And I turned all friends away yeah  
Said I've got nowhere to be hey yeah  
Just you and me baby for the rest of the day  
I'm starin' at the mistletoe  
Come on in and close the door

What about some Christmas lovin' baby?  
Tell me, tell me, tell me  
What about some Christmas lovin' baby?  
Said it's just you and me  
Good lovin' by the Christmas Tree well well

Said I need you to listen girl  
I don't have to have  
A box of presents givin' to me, no baby  
Well see all those gifts and things are fine  
But that ain't what I need  
Said it ain't what I need

What about some Christmas lovin' baby?  
Tell me, tell me, tell me  
What about some Christmas lovin' baby?  
Said it's just you and me baby  
Sweet lovin' by the Christmas Tree  
Talkin' bout some good, good lovin' baby  
What about it?  
Talkin' bout sweet lovin' baby  
What about it? What about it?  
Talkin' bout makin' some Christmas love  
What about it? What about it?  
See I don't want no presents baby  
What about it? What about it?  
All I want is you baby  
What about it? What about it?

By the Christmas Tree baby  
What about it? What about it?  
By the Christmas Tree...
