

## The Interview

R. Kelly

Hi, this is Irene Vegas for Facts On Fame and we're here at R. Kelly's packed out Rockland Cafe's grand opening and what an event this is

Let me tell you, there are celebrities here from all over the globe

The players, the top ballers are here

The finest cars, from Bentleys ajours to V12s just rolling in

Oh, speaking of top ballers, here's R. Kelly right now

Let's see if we can get the facts

R. Kelly, hi, Irene Vegas with Facts On Fame, I want to ask you some questions

(Go right ahead)

Well, first of all, I've got to say, this grand opening is the bomb. How do you feel?

(Doggish)

Well, aren't we being honest?

(You want the facts though)

Well, since you put it like that, let me ask you some other questions. What turns R. Kelly on?

(What turns me on? You and all these lovely honies here tonight)

Oh, is that right?

(Yeah)

Well, do they make you happy?

(Make me happy? Uh-huh)

Would you say they turn you on?

(I'd say they turn me on but I ain't say they made me happy)

Well, how do you feel about award shows? Do those things make you happy?

(What you mean?)

Well you know, award shows like, win an award. How do you feel about that?

(Man, it feels good. It feels good to win anything though)

But does it make you happy?

(Put it like this, hold on, man! Hold up, I'm coming. It's the, ayy, man, save me one of those Cubans. Yeah, it feels good though)

Well, let me just put it like this, what makes R. Kelly happy?

(And that's the question of the night, the loot)
