

Bésame (I Need You)

R3hab

You got something about you, something about you
Blow me away
I think future without you, future without you
Just ain't okay
It's half a billion people but it's you that I want to taste
You got something about you, something about you
Drive me insane

I need to know right now
Oh, won't you help me out?
I need to know right now
If you're gonna come my way

Bésame, bésame, bésame, así se vuelve tuyo
Quédate, quédate, quédate, lo mío es tuyo
I need you as much as you need me (Yeah-yeah-yeah)
Bésame, bésame, bésame, así se vuelve tuyo

Tini, Tini, Tini
Yeah-eh
Bésame, bésame, quédate, quédate
Júrame que yo voy a tenerte una y otra vez
Deja la timidez, en español o inglés
I want you, baby, I want you, yes, yes, yes, yes
Hace tiempo que ya no me pasaba
Hace tiempo que no me enamoraba
Y aunque nunca, nunca te dije
Pégate un poquito que esta noche no se acaba

I need to know right now
Oh, won't you help me out?
I need to know right now
If you're gonna come my way

Bésame, bésame, bésame, así se vuelve tuyo
Quédate, quédate, quédate, lo mío es tuyo
I need you as much as you need me (Yeah-yeah-yeah)
Bésame, bésame, bésame, así se vuelve tuyo

Bésame, así se vuelve tuyo
