

Family Values

R3hab

I don't care where you're from
No, I don't care where you've been
But I do, oh
Want everything you've got
'Cause I'm all in or I'm not
Yeah, it's true, oh

Gonna need your loyalty
I need your honesty
I need your drama when life gets too good for me
Don't want a one night thing
Ain't talking 'bout wedding rings
But if I'm gonna let you in, I want everything

You've gotta love me bad, love me bad, oh
Love me bad, love me bad, oh
Love me bad, love me bad, oh
Love me so hard that it's bad news
Touch me like I'll be without you
But give me them good family values

Love me bad, love me bad, oh
Love me bad, love me bad, oh
Love me bad, love me bad, oh
Love me so hard that it's
Love me bad, love me bad, oh
Love me bad, love me bad, oh
Love me bad, love me bad, oh
Love me so hard that it's

Would you stay if it gets tough?
Would you fight till we make up?
'Cause I would, mhm
Would you remember me at 3AM
When I'm far away from home?
Would you take a chance you'd regret in the morning?

Loyalty
I need your honesty
I need your drama when life gets too good for me
Don't want a one night thing
Ain't talking 'bout wedding rings
But if I'm gonna let you in, I want everything

You've gotta love me bad, love me bad, oh
Love me bad, love me bad, oh
Love me bad, love me bad, oh
Love me so hard that it's bad news
Touch me like I'll be without you
But give me them good family values

Love me bad, love me bad, oh
Love me bad, love me bad, oh
Love me bad, love me bad, oh
Love me so hard that it's
Love me bad, love me bad, oh
Love me bad, love me bad, oh

Love me bad, love me bad, oh
But give me them good family values

Touch me like the devil
Love me like the angels sing
Show me you're a keeper
I just wanna let you in
I just wanna let you in

But give me them good family values
