

Let It Go

R3hab

You got to let it go
You got to let it go
I will hold you when I'm not
You got to let it go
You got to let it go
I will hold you when I'm not
You got to let it go
You got to let it go
I will hold you

You got to let it go
You got to let it go
I will hold you when I'm not
You got to let it go
You got to let it go
I will hold you

You got to let it go
You got to let it go
I will hold you when I'm not
You got to let it go
You got to let it go
I will hold you
