

## Summer (R3hab & Ummet Ozcan Remix)

R3hab

When I met you in the summer  
Took my heart a beat sound  
We fell in love  
As they leaves turned brown  
And we could be together baby  
Long the skies are blue  
You act so innocent now  
But you like so soon  
When I met you in the summer

When I met you in the summer  
Took my heart a beat sound  
We fell in love  
As they leaves turned brown  
And we could be together baby  
Long the skies are blue  
You act so innocent now  
But you like so soon  
When I met you in the summer

When I met you in the summer  
Summer...
