

Weekend On A Tuesday

R3hab

It goes on and on
Been like this all along
People running round and round in circles
Afraid of doing wrong

I wanna go left when everybody go right
I wanna be free and do whatever I like
Yeah, nobody knows, what tomorrow holds
So let's live now, let's live now

I'm like, weekend on a Tuesday
Let's hit the club and then we lose it
Don't wanna wait until Friday
Yeah, I'm like weekend on a Tuesday
I'm like, weekend on a Tuesday
Let's hit the club and then we lose it
Don't wanna wait until Friday
Yeah, I'm like weekend on a Tuesday

Nothing ever change
Feel we're caught up in a cage
So busy doing all the same routines
Like there's no other way
Yeah, yeah

I wanna go left when everybody go right
I wanna be free and do whatever I like
Yeah, nobody knows, what tomorrow holds
So let's live now, let's live now

I'm like, weekend on a Tuesday
Let's hit the club and then we lose it
Don't wanna wait until Friday
Yeah, I'm like weekend on a Tuesday
I'm like, weekend on a Tuesday
Let's hit the club and then we lose it
Don't wanna wait until Friday
Yeah, I'm like weekend on a Tuesday
