

Where You Wanna Be

R3hab

If you had one chance
Where'd you wanna go?
If you could name a place
Here to Tokyo
Would you go alone?
Would you come with me?
Where you wanna be?

If you had one wish
What would you ask for?
Are you ready to
Open a new door?
Making memories
Would you share with me?
Where you wanna be?

It's not too late to leave this town
It's all ahead, don't turn around
If we can feed this hunger now
Where you wanna be?

It's not too late to leave this town
It's all ahead, don't turn around
If we can feed this hunger now
Where you wanna be?

If you had one wish
What would you ask for?
Would you be the star
Everyone adores?
Would you say hello?
Would you share with me?
Where you wanna be?

If you had one wish
What would you ask for?
Are you ready to
Open a new door?
Making memories
Would you share with me?
Where you wanna be?

It's not too late to leave this town
It's all ahead, don't turn around
If we can feed this hunger now
Where you wanna be?

It's not too late to leave this town
It's all ahead, don't turn around
If we can feed this hunger now
Where you wanna be?
