

All About The Girl

R5

High heels, got a taste for fashion
Converse and a fatal attraction
She's got that something I'm looking for (Oh-oh, oh-oh)
Maybe she lives in the city
She may be smart, she may be pretty
She's got that something I'm looking for
Whoever she is, she is out of this world

It's all about the girl that I meet
On the bus or on the street
It's all about girl in my mind
That I'll meet one day it's a matter of time
(Oh-oh, oh oh-oh) Hey! (Oh-oh, oh oh oh)
It's all about the girl
One day I'll find

Brown eyes or blue as an ocean
Don't know what sets an emotion
She'll have that something I'm looking for (Oh-oh, oh-oh)
I'll search in every direction, until I make the connection
She'll have that something I'm looking for
Whoever she is, she is out of this world

It's all about the girl that I meet
On the bus or on the street
It's all about girl in my mind
That I'll meet one day it's a matter of time
(Oh-oh, oh oh-oh) Hey! (Oh-oh, oh oh oh)
It's all about the girl
One day I'll find

She'll say she knows me
I'll say that's true
You are the answer that I always knew
And when I hold her, and when we kiss
There is no question it comes down to this
It's all about the girl that I meet
On the bus or on the street
It's all about girl in my mind
That I'll meet one day

It's all about the girl that I meet
On the bus or on the street
It's all about girl in my mind
That I'll meet one day it's a matter of time
(Oh-oh, oh oh-oh) Hey! (Oh-oh, oh oh oh)
It's all about the girl
One day I'll find that girl
