

All Night

R5

We're staying all night
Got blue jean baby
playing in my mind
She gets me so high
Giving me faith I gotta testify
Uh

And the way that she walks
I can't hide it
If I said I don't like it I'm lying
Hold tight (yeah)
A little bit of love
will change your life

She said I'm outta my head
I'm going outta my mind
And when I'm out on the edge
will you save me
Save me

Can we live for the moment
Can you live for tonight
Can we forget what was
broken an say say say we'll be

All right
Cause even if we change
we'll always be the same
All night
I promise if you stay
we'll never fade away
All night

And now it's midnight
and I can fell
your electricity
Give me that skin tight
Good girls ain't
never making history
(Nope)
And we'll dance in the streets
till the morning

Never sleep when the city is calling
Hold tight
A little bit of love
will change your life
(change your life)

She said I'm outta my head
I'm going outta my mind
And when I'm out on the edge
will you save me
Save me

Can we live for the moment
Can you live for tonight

Can we forget what was
broken an say say say we'll be

All right
Cause even if we change
we'll always be the same
All night
I promise if you stay
we'll never fade away
All night

We'll be all right
We'll be all right
We'll be all right
We'll be all right
And we got nothing but time
(We'll be all right)
To make the most of this life
(We'll be all right)
Take on the wrongs and the rights
(We'll be all right)
Forget them all and just say say say
oh, won't you say it now
We'll be all right
All right

Cause even if we change
we'll always be the same
All night
I promise if you stay
we'll never fade away
All night
Cause even if we change
we'll always be the same
All night

I promise if you stay
we'll never fade away
All night
All night
