

Breaking Me Bad

R5

Used to be the kind of guy that kind of always
Play by the rules of love, no matter the game
She's the kind of girl that kind of switches up your mind
So much that you don't even know how to play

Love, it comes biting my neck
Smile's got a killer effect
Pillow lips, pillow lies
Dangerously fire eyes
Got me crawling back for more

And everybody knows
I should leave that girl alone
And when she calls me, goes
To the dark side
It feels like I'm out of control, no
Finally look, can never pass
She's so good, she's breaking me bad

She be calling, calling me the next, four in the morning
Saying, "Come on over, take me away"
And if she wanna, want it, get a little
Cross her out and stop, but I'm already burning in flames

'Cause I have lost the fight
Tilt the chair back, fiery eyes
I get into her every time
Even though we've crossed the line
Looking, now she's wanting more

And everybody knows
I should leave that girl alone
And when she calls me, goes
To the dark side
It feels like I'm out of control
She's lighting all your ghosts
I can't say no, whoa
Finally look, can never pass
She's so good, she's breaking me bad

And everybody knows
I should leave that girl alone
And when she calls me, goes
To the dark side
It feels like I'm out of control
She's lighting all your ghosts
I can't say no, whoa
Finally look, can never pass
She's so good, she's breaking me bad
