Girl I know you lost the election  
But tonight I'm here to give you some affection  
Wisconsin Georgia Florida and Texas  
Wanna lead this country in the wrong direction

I don't care about those emails they inspecting  
Girl I'm sitting here with an erection  
Incorrect with all their election projections

I wanna get with you  
I wanna get with you

While we try to deal with all the aftermath  
I'm gonna pop a bottle in a bubble bath  
With you  
I wanna get with you

Girl you a true winner  
Let me take you to dinner  
Bill no disrespect  
But damn I gotta get with her  
Your pant suit is flawless  
Not in the oval office  
When you in this apartment  
You the leader of this caucus  
Beyonce, Jay-Z, Katy Perry, Demi  
Ain't no need to trip  
We know you hotter than Lewinsky  
I can be the horse  
And you can be my Putin  
I can be your man  
If you be my nasty woman
