

My Confession

R5

When we start dancing girl it's physical attraction
Oh oh oh oh [x2]
I want you in my world, you'll be my addiction
Oh oh oh oh [x2]

I want it so bad
You're driving me mad
It's killing me more than you know, oh
The taste of your lips
The curve of your hips
I think that I'm losing control, oh

I can't help myself
You are the mission
I admit it's true
You're my obsession
I'm needing you
It's a condition
And I can't get through
That's my confession [x3]

I've seen a million girls, none of them amaze me
Oh oh oh oh [x2]
Only when I'm close to you I start acting crazy
Oh oh oh oh [x2]

And I want it so bad
You're driving me mad
It's killing me more than you know, oh
The taste of your lips
The curve of your hips
I think that I'm losing control, oh

I can't help myself
You are the mission
I admit it's true
You're my obsession
I'm needing you
It's a condition
And I can't get through
That's my confession [x3]

There's no one else I think about
It's something I can't live without
If wanting you is a crime
Lock me up, I'll do my time
I confess, I'm a mess
Yeah that's my confession

When we start dancing girl it's physical attraction
I want you in my world, you'll be my addiction

I can't help myself
You are the mission
I admit it's true
You're my obsession
I'm needing you

It's a condition
And I can't get through
That's my confession [x3]
