

## Starting Over

R5

Yeah, the same old scenery  
Ain't round here waiting for me anymore (anymore)  
Oh, anymore  
I'm onto something new  
What I had before is out the door and it just won't do  
Gonna switch it up to a different view (hey), hoo hoo  
Gotta change it up, turn around  
Cause I know what I need and now, I'm getting it now  
Gotta start it over, hoo hoo

Yeah, I gotta hit reset, begin again  
Ain't never going back to where I've been, whoa whoa  
Well, I'm starting over  
Yeah, I'm gonna reboot, redo, check my flow  
Keep moving along 'til I get where I wanna go, whoa  
Cause I've been there, done that, ain't looking over my shoulde  
r  
I'm starting over

I've been getting nowhere  
And getting there fast  
Then a voice in my head said "you can't let this last"  
It's all in your past  
Sometimes you gotta take a chance, take a risk  
Find out everything out there that you've missed  
And start over

Yeah, I gotta hit reset, begin again  
Ain't never going back to where I've been, whoa whoa  
Well, I'm starting over  
Yeah, I'm gonna reboot, redo, check my flow  
Keep moving along 'til I get where I wanna go, whoa  
Cause I've been there, done that, ain't looking over my shoulde  
r (ooh yeah)  
I'm starting over

Yeah, I'm dreaming of something new  
Oh, and how we'll go, only you will do  
I'm starting over, starting over  
Starting over, yeah
