

What Do I Have To Do?

R5

Listen,
You've got them all hypnotized
Dragging them round by the eyes oh
They're lined up shoulder to shoulder
Like dominoes you keep knocking them over

And all them fools got diamond rings just waiting for you (waiting for you)
And I can fool myself but we both know it's true

'Cause you walk into the room, girl you know you got it
Baby look around, you got a lot of options
What do I have to do? What do I have to do?
You're looking like a queen, walking through the palace
Fallin' on my knees, babe I'm losing balance
What do I have to do to be the latest choice?

Oh, oh, oh, yeah, uh

Your lips got me wondering why
I'm tangled in lame pick up lines oh
Something is taking over (something is taking over)
You've got my heart set on roller coaster
I'm chasing you around, you got your leash on me, too (your leash on me, too
)
I wish that I could fool myself, but we both know it's true

'Cause you walk into the room, girl you know you got it
Baby look around, you got a lot of options
What do I have to do? What do I have to do?
You're looking like a queen, walking through the palace
Fallin' on my knees, babe I'm losing balance
What do I have to do?

(oh, oh, oh)

See I will fly you to Paris
I'll even learn the language
Vous avez de très beaux yeux
Oh so beautiful
Climb the Eiffel Tower
Touch the moon and call it ours yeah
'Cause it'd never shine as bright as you

When you walked into the room
I never had a chance
Tell me what do I have to do? (what do I have to do?)
What do I have to do?

'Cause you walk into the room, girl you know you got it
Baby look around, you got a lot of options
What do I have to do? (what do I have to do?)
What do I have to do?
You're looking like a queen, walking through the palace
Fallin' on my knees (fallin' on my knees yeah), girl I'm losing balance
What do I have to do to be the latest choice?
Oh
