You make my heart beat  
Faster than you know  
When you meet me  
Underneath the mistletoe  
'Cause all I want for Christmas  
Is a kiss  
Just a kiss  
One kiss from you

All dressed up  
Sweet as a candy cane  
My angel brighter than the one  
On top of the tree  
Ooh - ee  
So sweet

But ooh  
Every single move (every move I make)  
My eyes on you (my eyes on you)  
Making it harder to sleep  
But if I don't close my eyes  
Santa can't bring to me ooh

And all the presents under the tree  
They don't compare to you and me  
Outside, the snow is falling  
Inside, the temperature's rising

You make my heart beat  
Faster than you know  
When you meet me  
Underneath the mistletoe  
'Cause all I want for Christmas  
Is a kiss  
Just a kiss  
One kiss from you

Saint Nick, Mr Santa Claus  
You know my wishlist really isn't long  
All I want for Christmas  
Is a kiss  
Just a kiss  
One kiss from you  
Woah oh oh oh woah

Cuddled up right by the fire  
Think I hear those jingle bells  
Ringing right down the street  
Ooh - ee  
So sweet  
Were cuddled up, you and me

All the presents under the tree  
They don't compare to you and me  
Sweet dreams can't wait 'til morning  
'Cause tonight, Santa is coming
