

# Backroads

Ra Ra Riot

Never get tired of silence on long roads  
Maybe another life I would  
Maybe I'll never know  
We got all we need right here together  
No one to hold us back again  
No one to turn us in

Pulled my car up to that ballroom  
Top down, shotgun you came runnin' outside  
Tossed your heels into my backseat  
Said, "we ain't comin' back this time"

All night, driving low lit back roads  
Just keeping outta sight  
I'm praying we make that state line  
And to the other side  
We got only two gallons left  
And there's a feeling in my chest  
I don't know if you're seeing what I'm seeing  
But there's a light on up ahead

Running outta time if we stay here  
Maybe another day we could  
I guess we'll never know

Pulled my car up to that ballroom  
Top down, shotgun and you jumped inside  
Checked yourself in my rear view  
'Cause we're leaving it all behind

All night, driving low lit back roads  
Just keeping outta sight  
I'm praying we make that state line  
And to the other side  
We got only two gallons left  
And there's a feeling in my chest  
I don't know if you're seeing what I'm seeing  
But there's a light on up ahead

Now all this pain when it's over  
But I can't deny it was fun  
It's all the same when it's over  
All we can do now is run

All night, driving low lit back roads  
Just keeping outta sight  
I'm praying we make that state line  
And to the other side  
We got only two gallons left  
And there's a feeling in my chest  
I don't know if you're seeing what I'm seeing  
But there's a light on up ahead

Don't know if you're seeing what I'm seeing  
But there's a light on up ahead  
It's not too far...
