

Change The Story

RAC

Split into left and right, undercover
And we don't need to cut it any finer
Still running like an undertone in the chamber
Temperature rise, undercover

We can, we can, we can, we can
Change the stories we were told
Can we, can we
Change the stories we were told?
Can we, can we

Run along now
Run along now
Run along now
Run along now
Run along
Run along now
Hey, hey, hey

Change the stories we were told
Change the stories we were told

Split into left and right, undercover
And we don't need to cut it any finer
Still running like an undertone in the chamber
Temperature rise, undercover

Change the stories we were told
Can we, can we
Change the stories we were told?
