

Killer

RAC

Don't believe a word I say
I'll do anything to stay
Every move that you make, how my heart aches
They can run but they can't hide
That's a game I wish every time
It's you in the end, again and again

There's a compulsion in me and I know
A dangerous person to be when it grows

I'm a killer for you
(For you, for you, for you, for you, for you, for you)
I'm a killer for you
(For you, for you, for you, for you, for you, for you)
I'm a killer for you
(For you, for you, for you, for you, for you, for you)
I'm a killer for you
(For you, for you, for you, for you, for you, for you)
I'm a killer for you

When I close my eyes I see
Your eyes staring back at me
You've got nothing to fear
I'll never disappear

There's a compulsion in me and I know
A dangerous person to be when it grows

I'm a killer for you
(For you, for you, for you, for you, for you, for you)
I'm a killer for you
(For you, for you, for you, for you, for you, for you)
I'm a killer for you
(For you, for you, for you, for you, for you, for you)
I'm a killer for you
(For you, for you, for you, for you, for you, for you)
I'm a killer for you
