MIA

RAC

You have your own intentions
And hide 'em like a pro
But not to mention
That me, I have my own

There's fish in the pool
But none of 'em do
I don't want anyone if it ain't you
And now we're not cool
The fuck did I do?
I don't want anyone if it ain't you

And we tried, and we tried before
(Don't want anyone if it ain't you)
It's not like, it's not like before
(Don't want anyone if it ain't you)

In my mind we're outlined in stone but that's forgotten
And nothin' can outshine the spark we got about us

There's fish in the pool
But none of 'em do
I don't want anyone if it ain't you
And now we're not cool
The fuck did I do?
I don't want anyone if it ain't you
I skip to my lou
But I ain't a fool
I don't want anyone if it ain't you
And you say we're through every week or two
I don't want anyone if it ain't you

And we tried, and we tried before
(Don't want anyone if it ain't you)
It's not like, it's not like before
(Don't want anyone if it ain't you)

Ever since you went MIA
I've been stuck in my bed all day
Staring at my telephone screen
Waiting for an SMS in your name

Ever since you went MIA
I've been stuck in my bed all day
Staring at my telephone screen
Waiting for an SMS in your name

I don't want anyone if it ain't you
I don't want anyone if it ain't you
I don't want anyone if it ain't you
