

One House

RAC

I don't know why I'm hanging out for
In the south side of the North Star bar
I could be anywhere I want to
But I always end up on the first floor
I said I won't be hanging out again
So, it's just like every other day

Tell me cause I want to know now
Is it beautiful when you figure it out?
Is it better on the elevator down
When you move into a one house town?

I don't know where I'm headed out to
Never trade another broken rule
So maybe that you can leave through
A daughter I never had to
I said I won't be serving that again
So, it's just like every other day

Tell me cause I want to know now
Is it beautiful when you figure it out?
Is it better on the elevator down
When you move into a one house town?
Tell me cause I want to know now
Is it beautiful when you figure it out?
Is it better on the elevator down
When you move into a one house town?
Tell me, tell me, tell me cause I wanna know now
When you move into a one house town?
You know you've been in one house town
