

Unusual

RAC

You, do what you do, don't know what I think
I do what I do, all I can do is me
But you were different, a little bit more distinct
And so we drink
It's true, we do what we do, use our instinct
We did what we did, pass no judgment and think
It's bigger than us, it's bigger than everything
And so we drink

The rich have their rituals, we got pills and visuals
We're more beautiful, when we're unusual
Don't look back, don't be afraid
Don't you ever, ever change
You're more beautiful, when you're unusual

When you're unusual, when you're unusual
When you're unusual, when you're unusual
When you're unusual, when you're unusual

The rich have their rituals, we got pills and visuals
We're more beautiful, when we're unusual
Don't look back, don't be afraid
Don't you ever, ever change
You're more beautiful, when you're unusual

It's true, we do what we do, use our instinct
We did what we did, pass no judgment and think
It's bigger than us, it's bigger than everything
And so we drink

The rich have their rituals, we got pills and visuals
We're more beautiful, when we're unusual
Don't look back, don't be afraid
Don't you ever, ever change
You're more beautiful, when you're unusual

When you're unusual, when you're unusual
When you're unusual, when you're unusual
When you're unusual, when you're unusual

We're more beautiful, when we're unusual
You're more beautiful, 'cause you're unusual
