

# Rock It

Racer X

Out all over town  
The sounds they move like thunder  
Move with the crowd  
Don't you get held under  
Feel it kickin' in  
Like nitroglycerin  
Maybe it's a sin but rock it

You gotta rock it  
Come on rock it  
Let's go rock it  
When you need it hot  
Gotta hit the spot  
Get yourself free and rock it

Like a bolt from the blue  
The feeling's gonna hit you  
You're nobody's fool  
Burnin' right on through  
Feelin' kinda tough  
Sorta in a huff  
Don't you stop it, rock it

You gotta rock it  
Come on rock it  
Let's go rock it  
Don't ya miss a trick  
Hits you like a brick  
Goin' to town step on it

Bouncin' off the walls  
When you hear it call  
Let it all go, ya rock it  
Whippin' up the dust  
Feel it to the crust  
Pedal to the floor jump on it

You gotta rock it  
Come on rock it  
Let's go rock it  
When you need it hot  
Gotta hit the spot  
Get yourself free  
Let's go

You gotta rock it  
Come on rock it  
Let's go rock it  
Everybody rock it  
Don't ya miss a trick  
Hits you like a brick  
Goin' to the show  
Let's go

You gotta rock it  
Come on rock it  
Let's go rock it

Ohhh...rock it

You gotta rock it  
Come on rock it  
Let's go rock it  
Let's go  
Oh  
Yeah
