

What Have I Ever Done

Rachel Chinouriri

My heartbeat's moving in speed
Just like lightning
Crushing like waves in the night sea
Seeing you play with my mind
And I know that our memories
Burn to the ground with our old dreams
Gave it away, no apologies
Look what we've done to us

We could have had more than this
Had a house and a kid
But it's gone, it's gone
I could have hurt you like this
But I saved it and wrote you a song
I'm strong
Oh, it's a thing we call love
Asking God from above
What have I ever done?

Daydream, stuck in my mind
Thinking that it may be
You and I are better off and crazy
Blossoming like daisies

We could have had more than this
Had a house and a kid
But it's gone, it's gone
I could have hurt you like this
But I saved it and wrote you a song
I'm strong
Oh, it's a thing we call love
Asking God from above
What have I ever done?

Oh, it's a thing we call love
Asking God from above
What have I ever done, done to deserve this?

Oh-oh-oh-oh
To deserve this?
Oh-oh-oh-oh
To deserve this?
Oh-oh-oh-oh
To deserve this?
Oh-oh-oh-oh
