

# Thank You For Being A Friend

Rachel Platten

If you threw a party  
And invited everyone you knew  
You would see the biggest gift would be from me  
And the card attached would say  
Thank you for being a friend

I count on you  
And you can count on me  
It's as easy as 123  
We're connected eternally

Let's dance around by the firelight  
Catch the stars falling from the sky  
Tell your secrets and I'll tell you mine

Out of seven billion people in the world  
Can't believe that I found you  
I know you got my back and I got yours  
Call on me, And I'll remind you

(Yeah, you the best!)

If you threw a party  
And invited everyone you knew  
You would see the biggest gift would be from me  
And the card attached would say  
Thank you for being a friend

Thank you for being a friend  
Thank you for being a friend

You understand without saying a word  
Larger scope but you put me first  
And help me reach for what I deserve

Out of seven billion people in the world  
Can't believe that I found you  
And just in case you're feeling insecure  
Call on me, And I'll remind you  
I will remind you  
(I will remind you!)

If you threw a party  
And invited everyone you knew  
You would see the biggest gift would be from me  
And the card attached would say  
Thank you for being a friend

Thank you for being a friend  
Thank you for being a friend

Come on, call anyone over  
They'll tell you the same thing I told ya  
We'll always be shoulder to shoulder  
I gotcha, I gotcha

So come on, call anyone over

They'll tell you the same thing I told ya  
We'll always be shoulder to shoulder  
I gotcha, I gotcha

If you threw a party  
And invited everyone you knew  
You would see the biggest gift would be from me  
And the card attached would say  
Thank you for being a friend
