

Everybody Does

Rachel Proctor

This ain't the first time
You've fallen in love
With your heart wide open
Feeling just like a fool
Knowing that
You're the only one left
Holding on
He broke your heart
You can't cry hard enough
But you're not the only one

Everybody loves someone
Everybody hurts sometimes
Everybody says they'll never fall again
But everybody does

How many times have you said he's the one
And found out that he wasn't
Always thinking it's gonna hurt forever
But then one day it doesn't anymore
You've come so far, still a long way to go
Just remember you're never alone

Everybody loves someone
Everybody hurts sometimes
Everybody says they'll never fall again
But everybody does

Everybody jumps in
Never really knowin'
Where it's really goin'
You just have to trust in
Your heart

Everybody loves someone
Everybody hurts sometimes
Everybody says they'll never fall again

But everybody loves someone
Everybody hurts sometimes
Everybody says they'll never fall again
But everybody does
