

# Fallin' Into Love With Me

Rachel Proctor

You're no Casanova,  
You're no poet  
We both know it  
You don't have a  
Silver tongued way,  
Of speaking from your heart.

Your comfort zone's on shaky ground  
You feel like a stranger to your own mouth  
But come on baby now  
If you wanna spit it out

I know what you're trying to say  
But you stutter then you turn away  
Your words get twisted, tangled up and turned around  
You don't have to say a thing  
It's been loud and clear to me  
Your heart is out there on a limb  
You're jumpin' in with both your feet  
You're fallin' into love with me

Even though you've never told me  
I can feel it when you hold me  
You can't hide it,  
We can't fight it  
It gets stronger every day  
Just like music to my ears,  
Those words in your head, I wanna hear  
Over and over, without any fear

I know what you're trying to say  
But you stutter then you turn away  
Your words get twisted, tangled up and turned around  
You don't have to say a thing  
It's been loud and clear to me  
Your heart is out there on a limb  
You're jumpin' in with both your feet  
You're fallin' into love with me

It's no secret, baby no, no  
I can see it in your eyes  
When you look at me ,I know ,I know

I know what you're trying to say  
But you stutter then you turn away  
Your words get twisted, tangled up and turned around  
You don't have to say a thing  
It's been loud and clear to me  
Your heart is out there on a limb  
You're jumpin' in with both your feet  
You're fallin' into love with me

You're jumpin in with both your feet  
You're fallin' into love with me.
