

# Whispered Fear

Rachelle Ann Go

Feels like I'm blind  
Save me from the night  
without your love  
Let me feel your presence  
I'm so lost, oh I'm lost I couldn't find myself  
Get me out of this

Pull me, Hold my heart  
Don't wanna make the same  
mistakes again  
Rescue me, I wanna be whole again  
Lead me, love me  
It's you that I want  
It's you that I want

Let me forget the past  
It's running for me  
Wipe it all away  
Together with your tears  
Show me where to go  
And I will follow you  
Will fight hard not to look back  
At the shadows that damaged my soul,

Pull me, Hold my heart

Don't wanna make the same  
mistakes again  
Rescue me, I wanna be whole again  
Lead me, love me  
It's you that I want  
It's you that I want

Looking at the dark  
Finding myself  
All I see is fear  
I don't want this  
I don't want this anymore  
I'm trapped so long  
God I'm trapped so long

Pull me, Hold my heart  
Don't wanna make the same  
mistakes again  
Rescue me, I wanna be whole again  
Lead me, love me  
It's you that I want  
It's you that I want
