

Fun We Had

Racoon

Here's to the friends
We used to have
That slipped away

Like they were never there
Look at a picture
In my hand
And feel the
Memories return
Flyin' in from everywhere

Yeah the fun we had
What a life we lived
Looking for all the pieces
Left on memory lane
Yeah the fun we had

Here's to times when thing went bad
Drink up sunny boys
We made it home
Please know
I never will forget
All of the fun we had
And how I never felt alone

Yeah the fun we had
What a life we've lived
Looking for all the pieces
Left on memory lane
Yeah the fun we had

There will always be time
And I'm not afraid to go
But man
You Know I hate goodbyes
So if you need
A place to run
There will always be
A friend to lend a hand
To hold someone
Until you'll be alright

Here's to friends
We used to have

To the fun we've had
And the life we've lived
Looking for all the pieces
Left on memory lane
Yeah the fun we had

To the fun we've had
And the life we've lived
Looking for all the pieces
Left on memory lane
Yeah the fun we had

Yes to the fun we had
Well and the life we lived

To the fun we've had
To the life we've lived

To the fun we've had
And the life we lived

To the fun we've had
And the life we lived

Yes to the fun we had
Yeah to the life we lived

To the fun we had
And the life we lived
