

Run Out

Racoon

Someone should know the way
But they just failed to tell me
And don't be late they say
Don't be late
Someone should know your name
Grabs your new guitar
Throws it on the fire It burns ok

Nobody gets the best of me
Before they see the worst I'd better leave
Nobody gets the best of me
Before they see my worst I never

Run out
Run out
Run out
I run out
Run out

Better be one's own
But you can't live on air alone
Beggars they don't choose and yes you do
Maybe I know the way
Maybe I know the why, he says
Better ask no questions
Hear no lies

Nobody gets the best of me
Before they see the worst I'd better leave
Nobody gets the best of me
Before they see the worst I never

Run out
Run out
Run out
I run out
Run out
