

# Water By The Bed

Racoon

Stay alone love  
mommy's going away tonight  
leave the light in the hallway on  
when you are frightened  
And try not to be sad  
there's water by, there's water by the bed

Say goodnight, love  
cause daddy's going away tonight  
Don't you worry  
I promise we'll be home on time  
You'll be fine love  
doggy's there, so you won't be alone  
You're a big girl  
we'll be back before you know  
And please try not to scream  
cause it's not all bad you see

I'm begging you, please don't go  
I'm scared alone mom you should know  
I'm scared of dreaming on my own  
I'm begging you mom please don't turn the  
lights down low

See you soon, love  
we'll be home around 11.00  
When you're hungry  
There well be dinner in the oven, yeah  
And when you're sad or alone  
the number's by the phone  
And please try not to scream  
when it's only a, it's only a bad dream

I'm begging you, please don't go  
I'm scared alone mom you should know  
I'm scared of dreaming on my own  
I'm begging you mom please don't go

I'm begging you, please don't go  
I'm scared alone mom you should know  
I'm scared of dreaming on my own  
I'm begging you mom please don't go

I'm begging you, please don't go  
I'm scared alone mom you should know  
I'm scared of dreaming on my own  
I'm begging you mom please don't turn the  
lights down low  
The light down low  
Don't turn the light down low  
I'm scared, let go  
Please don't say no  
when I'm leaving all alone

Don't turn the light down low  
I'm scared, let it go  
There's water by the bed
